| Title | ETV6 (TEL1) regulates embryonic hematopoiesis in zebrafish |
| First author | Parisa Rasighaemi |

According to the International Committee of Medical Journal Editors (ICMJE)

(http://www.icmje.org/ethical_1author.html):

“Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2 and 3. Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The responsible author of this manuscript confirms that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

Author contributions

Please describe the contributions of each author, indicating who was responsible for each part of the study and the preparation of the manuscript (collection of data, experiments, data analysis, generation of figures, interpretation of data, preparation of the text, etc.) :

PR and SMNO performed the bulk of the experimental work, analysed the data and assisted in manuscript preparation, while CL provided additional input. ACW conceived the project and contributed to data analysis and preparation of the manuscript and takes overall responsibility for the manuscript.
