## AUTHOR CONTRIBUTION FORM

<b>Title</b>	Telomere length in inherited bone marrow failure syndromes
<b>First author</b>	Blanche P. Alter

According to the International Committee of Medical Journal Editors (ICMJE)

([http://www.icmje.org/ethical\\_1author.html](http://www.icmje.org/ethical_1author.html)):

*“Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2 and 3. Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.*

**The responsible author of this manuscript confirms that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.**

<b>Responsible author</b> ( <i>author responsible for the integrity of the work as a whole</i> )
Name: Blanche P. Alter
Institute: National Cancer Institute
e-mail: alterb@mail.nih.gov

### **Author contributions**

*Please describe the contributions of each author, indicating who was responsible for each part of the study and the preparation of the manuscript (collection of data, experiments, data analysis, generation of figures, interpretation of data, preparation of the text, etc.) :*

Blanche Alter and Philip Rosenberg designed and performed the research analyses and wrote the paper; Neelam Giri and Sharon Savage provided clinical characterization and diagnostic support to patients. All authors read and approved the manuscript.
