AUTHOR CONTRIBUTION FORM

Title	<i>Recurrence risk after limited duration of anticoagulant treatment for late second venous thromboembolism</i>
First author	<i>Tom van der Hulle</i>

According to the International Committee of Medical Journal Editors (ICMJE)
(http://www.icmje.org/ethical_1author.html):

"Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2 and 3. Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship".

The responsible author of this manuscript confirms that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

Responsible author (<i>author responsible for the integrity of the work as a whole</i>)
Name: Tom van der Hulle
Institute: Leiden University Medical Center
e-mail: t.van_der_hulle@lumc.nl

Author contributions

Please describe the contributions of each author, indicating who was responsible for each part of the study and the preparation of the manuscript (collection of data, experiments, data analysis, generation of figures, interpretation of data, preparation of the text, etc.) :

T. van der Hulle, M. Tan, P.L. den Exter, M.J.G. van Roosmalen, F.J.M. van der Meer and F.A. Klok gathered the data, performed the analyses and drafted the manuscript. F.J.M. van der Meer, J. Eikenboom and M.V. Huisman supervised the outpatient clinic, and critically revised the manuscript for important intellectual content.
