AUTHOR CONTRIBUTION FORM

Title	Multicentric study underlining the interest of adding CD5, CD7 and CD56 expression assessment to the flow cytometric Ogata score in myelodysplastic syndromes and myelodysplastic/myeloproliferative neoplasms.
First author	Valérie Bardet

According to the International Committee of Medical Journal Editors (ICMJE)

(http://www.icmje.org/ethical_1author.html):

“Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2 and 3. Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The responsible author of this manuscript confirms that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

Responsible author (<i>author responsible for the integrity of the work as a whole</i>)
Name: Estelle GUERIN
Institute: Service d’Hématologie Biologique, Hôpital Dupuytren, CHU de Limoges, Faculté de Médecine et UMR CNRS 7276, Limoges, France

Author contributions

Please describe the contributions of each author, indicating who was responsible for each part of the study and the preparation of the manuscript (collection of data, experiments, data analysis, generation of figures, interpretation of data, preparation of the text, etc.) :

V Bardet: performed the labellings, analysed the data, reread the paper
O Wagner Ballon: performed the labellings, analysed the data, reread the paper
J Guy: performed the labellings, analysed the data, reread the paper
C Morvan : performed the experiments
C Debord : analysed the data
F Trimoreau : analysed the data
E Benayoun : analysed the data
N Chapuis : analysed the data
N Freynet : analysed the data
C Rossi : analysed the data
S Mathis : analysed the data

M-P Gourin : analysed the data

Andrea Toma : analysed the data

M Bene :wrote the paper

J Feuillard : analysed the data and wrote the paper

E Guerin : performed the labellings, analysed the data, wrote the paper
