Efficacy estimation of erythropoiesis-stimulating agents using
erythropoietin-deficiency anemic mice

Norio Suzuki, Yusuke Sasaki, Koichiro Kato, Shun Yamazaki, Mitsue
Kurasawa, Keigo Yorozu, Yasushi Shimonaka, and Masayuki
Yamamoto

Disclosures: We disclose a conflict of interest that Chugai Pharmaceutical Co., Ltd. partially supports this study, and employs YuSa, MK, KY, and YaSh.

Contributions: NS and YuSa designed the study. NS, YuSa, KK, SY, MK, and KY performed the experiments and analyzed the data. NS, YuSa, SY, YaSh, and MY provided the gene-modified mouse lines and the reagents. NS, YuSa, YaSh, and MY constructed the figures and wrote the manuscript with comments and edits from all authors. NS, YuSa, YaSh, and MY developed the project.
