Trained immunity: consequences for lymphoid malignancies

Wendy B.C. Stevens, Mihai G. Netea, Arnon P. Kater, and Walter
J.F.M. van der Velden

Disclosures: No conflicts to report. Acknowledgements MGN was supported by an ERC Consolidator Grant (#310372).

Contributions: All authors (WS, MN, AK, WV) wrote the manuscript, provided intellectual input, corrected and approved the final version. WV drew up the figures.
