HAEMATOL/2018/193128
Version 3

Iron overload impairs normal hematopoietic stem and progenitor cells
through reactive oxygen species and shortens survival in
myelodysplastic syndrome mice

Xin Jin, Xiaoyuan He, Xiaoli Cao, Ping Xu, Yi Xing, Songnan Sui,
Luqiao Wang, Juanxia Meng, Wenyi Lu, Rui Cui, Hongyan Ni, and
Mingfeng Zhao

Disclosures: none

Contributions: XJ, XYH designed the study and wrote the manuscript. PX, SNS, LQW, JXM collected the data. WYL, RC analyzed the data. XLC, YX provided clinical data. MFZ, HYN reviewed the manuscript and contributed to the final draft.
