

Haematologica
HAEMATOL/2018/200683
Version 3

Somatic reversion events point towards RPL4 as a novel disease gene
in a condition resembling Diamond-Blackfan Anemia

Marjolijn C.J. Jongmans, Illja J. Diets, Paola Quarello, Emanuela
Garelli, Roland P. Kuiper, and Rolph Pfundt

Disclosures: Illja J. Diets is funded by the KiKa Foundation (project 127). The funding source had no role in data collection, analysis, or interpretation of the data, the writing of the report, or the decision to submit for publication.

Contributions: M.J., R.P.K. and R.P. designed the study; M.J., P.Q., E.G., R.P.K. and R.P. interpreted the data; M.J., I.J.D., R.P.K., and R.P. wrote the manuscript; all authors reviewed and approved the manuscript.
