Version 4

Clinical factors and biomarkers predicting outcome in patients with  
immune-mediated thrombotic thrombocytopenic purpura

Elizabeth M. Staley, Wenjing Cao, Huy P. Pham, Chong H. Kim, Nicole  
K. Kocher, Lucy Zheng, Radhika Gangaraju, Robin G. Lorenz, Lance A.  
Williams, Marisa B. Marques, and X. Long Zheng

Disclosures: XLZ and HPP are speakers of Alexion and XLZ is also the consultant of  
Ablynx.

Contributions: EMS, WC, and XLZ designed the research, performed experiments,  
collected and analyzed the results, and wrote the manuscript; LZ performed experiments  
and revised manuscript. HPP and CHK performed statistical analyses and revised the  
manuscript; EMS, NKK, HPP, RG, RGL, LAW, MBM, and XLZ recruited patients and  
revised the manuscript.
