Version 3

Immunosuppressive therapy for pediatric aplastic anemia: a North
American Pediatric Aplastic Anemia Consortium study

Zora R. Rogers, Taizo A. Nakano, Timothy S. Olson, Alison A. Bertuch,
Winfred Wang, Alfred Gillio, Thomas D Coates, Anjulika Chawla, Paul
Castillo, Peter Kurre, Christopher Gamper, Carolyn M. Bennett, Sarita
Joshi, Amy E. Geddis, Jessica Boklan, Grzegorz Nalepa, Jennifer A.
Rothman, James N. Huang, Gary M. Kupfer, Michaela Cada, Bertil
Glader, Kelly J. Walkovich, Alexis A. Thompson, Rabi Hanna, Adrianna
Vlachos, Maggie Malsch, Edie A. Weller, David A. Williams, and Akiko
Shimamura

Disclosures: This project was supported by the Copeman Fund, Julian's Dinosaur Guild,
and an NIH R24 DK093425 to A.S. and D.A.W, the Rauch Family Foundation to T.D.C, the
Campini Foundation to J.N.H. and U54 DK106857 to G.M.K.

Contributions: ZRR and AS designed the project, contributed data, analyzed the data,
drafted the figures and tables, and wrote the manuscript. DAW contributed to the design
and analysis of this project, and edited the manuscript. EAW conducted the biostatistical
analyses, drafted figures and tables, and wrote the manuscript. MM managed this project
and analyzed the data. TAN and TSO contributed data, analyzed the data, and drafted the
manuscript. AAB, WW, AG, AC, and PC contributed data, analyzed the data, and edited
the manuscript. TDC, PK, CG, CMB, SJ, AEG, JB, GN, JAR, JNH, GMK, MC, BG, KJW,
AAT, and RH contributed data and edited the manuscript. AV edited the manuscript.
