Version 3

Validation of Minnesota acute graft-versus-host disease Risk Score

Margaret L. MacMillan, Todd E. DeFor, Sherman G. Holtan, Armin
Rashidi, Bruce R. Blazar, and Daniel J. Weisdorf

Disclosures: None.

Contributions: All authors contributed equally to the conception, design, and interpretation of data, and approval of the final manuscript. M.L.M., S.G.H, A.R. and D.J.W. scored response to steroid therapy. T.E.D. performed the statistical analysis; and M.L.M. had primary responsibility for drafting the manuscript. All authors reviewed, edited and approved the manuscript.
