

Haematologica  
HAEMATOL/2019/230961  
Version 3

Genetic and phenotypic characterization of indolent T-cell  
lymphoproliferative disorders of the gastrointestinal tract

Craig R. Soderquist, Nupam Patel, Vundavalli V. Murty, Shane Betman,  
Nidhi Aggarwal, Ken H. Young, Luc Xerri, Rebecca Leeman-Neill,  
Suzanne K. Lewis, Peter H. Green, Susan Hsiao, Mahesh M.  
Mansukhani, Eric D. Hsi, Laurence de Leval, Bachir Alobeid, and  
Govind Bhagat

Disclosures: Susan Hsiao: Honoraria: Ventana, Loxo Oncology, Bristol Myers Squibb  
Research funding: Bristol Myers Squibb Eric Hsi: Research funding: Abbvie, Eli Lilly  
Advisory Board: Celgene, Jazz Pharmaceuticals

Contributions: CRS and GB designed and performed research, contributed cases,  
analyzed and interpreted data, and wrote the manuscript. LDL contributed cases, designed  
and performed research, analyzed and interpreted data, and reviewed the manuscript.  
EDH contributed cases, performed research, analyzed and interpreted data, and reviewed  
the manuscript. BA provided cases, analyzed and interpreted data, and reviewed the  
manuscript. VVM performed research, analyzed and interpreted data, and reviewed the  
manuscript. NA, KHY, LX, contributed cases, analyzed and interpreted data, and reviewed  
the manuscript. SH and MMM analyzed and interpreted data, and reviewed the manuscript.  
NP analyzed and interpreted data and reviewed the manuscript. SKL and PHG contributed  
cases, and reviewed the manuscript. RL interpreted data and reviewed the manuscript. SB  
analyzed and interpreted data, and reviewed the manuscript.
