## Supplementary material

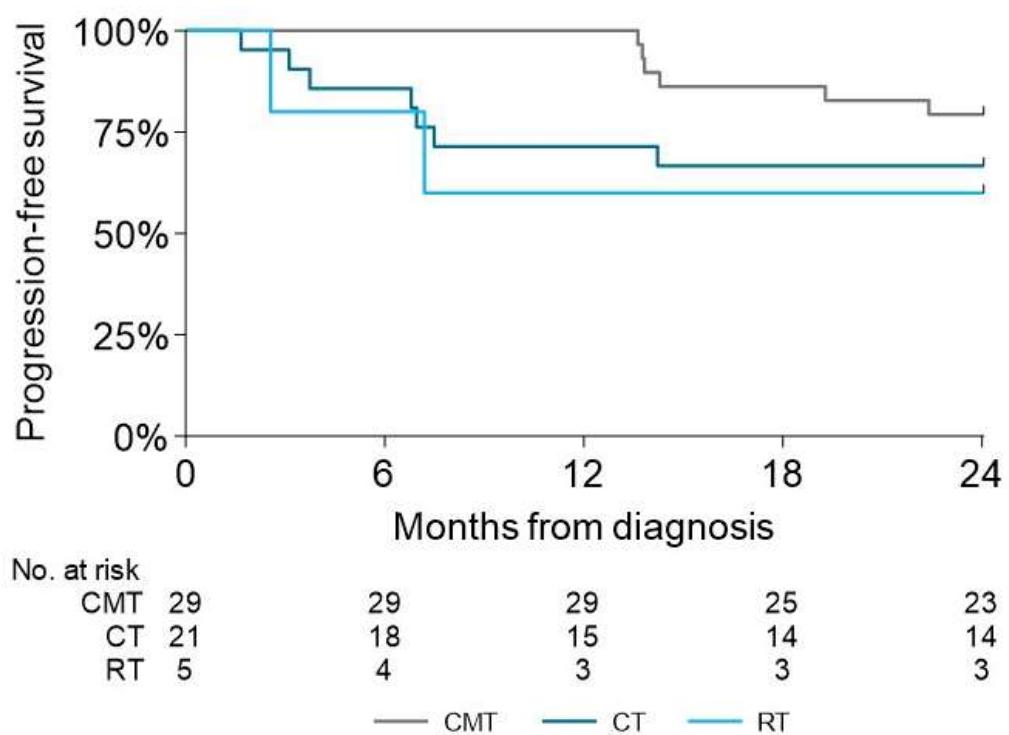

**Supplemental Figure 1.** Anatomical site of first clinical manifestation according to treatment modality

**Supplemental Figure 2.** Incidence ratio of Ann Arbor stage I PTCL NOS, ALCL and AITL versus Ann Arbor stage II-IV PTCL NOS, ALCL and AITL over time.

**Supplemental Figure 3.** Overall survival among patients with stage I(E) anaplastic large T-cell lymphoma, according to ALK-status.

**Supplemental Figure 4.** Progression-free survival for patients with stage I(E) anaplastic large T-cell lymphoma diagnosed in 2014-2019, according to treatment modalities.
